PROFILE

I am a motivated and diligent front-end developer with a passion for crafting intuitive, responsive, and aesthetically pleasing websites. With a strong foundation in HTML, CSS, JavaScript, and React, I've dedicated myself to continual learning and application through the development of various personal projects.

EXPERIENCE

● **Graduated Bootcamp**
November 2022 - July 2023 | 'robot_dreams' bootcamp

I graduated from the 'robot_dreams' bootcamp, where I was enrolled in the IT generation program, after 6 months of studying full-stack programming with JavaScript.

● **Full-Stack Developer**
March 2023 - August 2023 | Personal Projects

I worked as a full-stack developer for half a year on three of my major personal projects to learn new technologies. I also upskilled to the full stack.

● **Front-End Developer**
August 2023 - present | Personal Projects

I'm now a full-stack developer that gravites more toward the front-end and working as a freelancer. My stack includes React, Next.js, TypeScript, Tailwind and MongoDB. I'm looking for a full-time position as a front-end developer.

ONLINE CERTIFICATES

The Web Developer Bootcamp 2023 (Colt Steele) - Udemy, 2023

This bootcamp covered a broad array of topics from HTML5, CSS3, JavaScript, and Node.js to Express.js, MongoDB, and React. The course included practical projects that enriched my knowledge and skillset to build full-stack web applications.
